## Projects

### Weather App

LIVE WEATHER REPORTS

- Built an interactive weather web app that displays real-time weather information of the city.
- User can see real-time weather conditions, current temperature with max & min temp. of the day, pollution AQI, rainfall, wind speed & wind direction, and local date & time of the city.
- It is responsive across various Mobile, Tablet, and Desktop screens.
- **weather-app**

### Portfolio

PERSONAL WEBSITE

- Built an impressive portfolio website to display my web projects.
- Added contact functionality by LinkedIn, GitHub, and Instagram to contact me.
- It is responsive across various Mobile, Tablet, and Desktop screens.
- **portfolio-app**

### Netflix Clone

LANDING PAGE

- Built a clone of the Landing Page of Netflix India.
- It is responsive across various Mobile, Tablet, and Desktop screens.
- **netflix-clone-app**
